

Credential Evaluation Services

All international students are required to submit transcripts evaluated by World Education Services (WES), our preferred provider, or by another member of the National Association of Credit Evaluation Services (NACES) to determine the equivalence of their education to the United States educational system. Students must ensure to get a **course-by-course** evaluation. Please be sure to request a copy of your original transcripts be sent along with your evaluation once the evaluation is completed.

Below is a list of credential evaluation agencies you can use that provide these services. These are a few evaluation agencies available to you, to find other evaluation agencies please visit <http://www.naces.org/members.html>
